

## **Tuition Assistance Frequently Asked Questions**

### **How does Tuition Assistance work?**

Each semester, Fleisher Art Memorial provides limited tuition assistance to help students access our tuition-bearing programs. Tuition assistance only can be used to cover tuition for a class. It cannot be used to pay for model and studio fees or supplies that you purchase for use during the class.

Tuition assistance is awarded on a first come first served basis, so the sooner you turn in your form, the more likely you are to receive aid. No proof of your income is required, as our tuition assistance is based on an honor system. Please only request tuition assistance if you are in financial need.

Tuition assistance is limited to one class per student per term.

### **How do I know a class' studio fees and model fees?**

Studio and model fees are listed on our website with the class descriptions. There is also a reference sheet with this info available at the front desk.

### **If I'm requesting tuition assistance for a class, do I still need to register?**

If you apply for tuition assistance, please do not register separately for the class. There is no need! We will take care of your registration.

### **Is there a deadline for submitting tuition assistance forms?**

Tuition assistance forms are due approximately one month after the first day of registration. The due date is listed on the form. We do not accept forms after the due date.

### **Is tuition assistance for youth programs as well as adult programs?**

Tuition assistance can be used for any tuition-bearing adult or youth programs. Since our Youth Saturday program is tuition-free, tuition assistance only can be applied to youth afterschool workshops during the school year or summer classes. There is a separate form for youth summer tuition assistance. For afterschool workshops,

### **What happens after I submit my tuition assistance form?**

Once we process your form, you'll receive an email confirming that we have received your form. If you do not receive a confirmation within ten days of the time we received your form, feel free to contact us to make sure your form has been received.

We will let you know via email if you have been granted tuition assistance two weeks before the term begins. We will also give you instructions to make a payment if required. You must pay the rest of your balance within the given timeframe, or you may not be eligible for tuition assistance in future terms. If you are unable to make the payment, please communicate with us.

**What if my schedule changes and I can no longer take the class?**

Please let us know as soon as you can so we can give the tuition assistance to someone else. If you are granted tuition assistance, but do not come to class, you may not be eligible for tuition assistance in the future.
