## 2022 IMPACT REPORT

The past year has been filled with growth and big announcements. After a two-year hiatus, our Summer Camp for ages 5 – 18 returned with exciting offerings such as Super Hero Design, Flying Creatures, and Global Art. Adult classes saw a record number of registrations as we increased capacity across studios and welcomed 21 new faculty members who brought new artistic offerings like *Experiments in Drawing*. Beyond Fleisher’s walls, we grew our presence in public schools and social service agencies across the city with our Community in the Partnerships (CPA) program which saw the addition of Edwin M. Stanton School to host high quality art education residencies to enhance classroom learning. Our Pew grant-funded initiative, *360 Culture Lab*, a cultural arts incubator project with Modero & Company and Casa de Venezuela culminated after a year of planning, workshops, and community events, with each group presenting ambitious closers—an original musical theater production and visual arts exhibition respectively—that celebrated Venezuelan and Indonesian cultural life. On October 29th, Fleisher and La Calaca Flaca celebrated our 10th annual Día de los Muertos procession and celebration with festivities at Fleisher, topping pre-pandemic numbers.
